

Subject: Checking In How Is Your Recruit CRM Experience So Far?

Hi Ram,

I hope this message finds you well! It's been about a week since we completed your onboarding with Recruit CRM and I wanted to check in to see how everything is going so far. Are you facing any challenges or blockers that I can help you with? Your smooth experience with the platform is important to us, and I'm here to support you in any way I can.

I'd recommend exploring the candidate stands in the recruitment process, helping you manage your workflow more efficiently. Additionally, automating follow up reminders can save you time and ensure no candidate communication is missed.

If you like, I will be happy to schedule a quick session to walk through these features or answer any questions you might have.

Please don't hesitate to reach out anytime I am always available to assist you and ensure you get the most out of Recruit CRM.

Best regards,

AI Curiosity:

If Recruit CRM provided an AI buddy on Day 1, I would ask it to key updates. This would help me save time and deliver faster, more consistent support.
